

**Part 4. Potential Roles for YOU.** Consider the different emerging ways to make a living and how to begin with gig economy employment at the start of your own careers.

**Step 1.** Think of possible gigs you could do.

1. Spend some time researching things you could do next summer, using the grid above.
2. Do you know what you want? Yes/No  
If YES, how can you find a way to experience that?  
If NO, how can you ask to try out some different types of work?
3. How much time will you have free, and what other commitments do you have to fulfil?
4. What Kind of Experience Do You Need?
5. What are Your Skills? Make a list here, e.g. good at tutoring others in maths, have good social media skills, can speak a foreign language, etc.
